

Dear Valued Customers,

November 2020
MARKTEC Corporation
Quality Assurance Dept

Announcement for Material Change of R paint series

Thank you very much for your continued business. We would like to inform you that the component of our R paint series will be partially changed for the purpose of stable supply as mentioned below.

Sincerely yours,

Note

1. Target products

- | | |
|----------------------------------|-------------------------------------|
| • Tecmarker Paint MSR White | • Tecmarker Paint MSR Purple |
| • Tecmarker Paint MSR Light Blue | • Tecmarker Paint MSR Yellow |
| • Tecmarker Paint MSR Orange | • Tecmarker Paint MSR Green |
| • Tecmarker Paint PSA75 Blue | • Tecmarker Paint PSR75 White |
| • Tecmarker Paint LSR Yellow | • Tecmarker Paint LSR Sky Blue |
| • Tecmarker Paint LSR Purple | • Tecmarker Paint LSR Reddish Brown |
| • Tecmarker Paint LSR Peach | • Tecmarker Paint LSR Green |
| • Tecmarker Paint LSR Orange | • Tecmarker Paint LSR Blue |
| • Tecmarker Paint LSR White | • Tecmarker Remover R |

2. Change point

Before	After
Glycol-based solvent (Ethylene glycol dimethyl ether)	Propyleneglycol monomethyl ether

In this change, the ratio of ingredients has been partially reviewed.

Also, SDS will be revised with this change.

3. Reason for change

It is expected that it will be difficult to obtain glycol-based solvent (Ethylene glycol dimethyl ether), due to VOC regulations in China.

4. Others

- It will be changed sequentially from production of November, 2020.
- There is no change in the standard value and certification.
- There is no change from the conventional quality.
