About specification change of 18L royal can (TFS can)

Thank you very much for your continued business. We would like to inform you that we will change the specifications of the 18L royal can (TFS can).

Sincerely yours,

Note

1. Target products

18L royal can (TFS can)

Attachment: 18L Royal can (TFS can) target product list

2. Reason for change

For stable supply and quality improvement (airtightness improvement)

3. Change point

- Partial shape of the top surface will be changed due to the change of the liquid outlet part.

Before	After
• Dimensions from outer circumference to center of mouth: 42.0 ± 0.5  • No rubber	• Dimensions from outer circumference to center of mouth: 40.0 ± 1.0  • With rubber (NBR)

*The appearance will change slightly due to the change in the liquid outlet,

The content and ingredients remain the same.

Performance is unaffected.

* The design of the product container remains the same, and there is no change in dimensions.

4. Timing of change

It will be changed sequentially from January 2023 production. We will switch as soon as the stock of the conventional product runs out.
