October, 2024 MARKTEC Corporation Quality Assurance department

Notice of change to content of certificate and product label

Thanks a lot for your continued patronage and support. In order to clarify the applicable revision of the AMS2641 standard, we will be changing the contents of the SO-220B and SO-220C certificate and product label.

We appreciate your understanding and cooperation.

Sincerely yours,

Note

1. Details of changes

In order to clarify the applicable revision of the AMS2641 standard, we will be changing the contents of the certificate and product label. In addition, we will add the description of the order number and quantity to the certificate (please refer to the attached sheet for details).

2. Target products

Super Magna Vehicle SO-220B Super Magna Vehicle SO-220C

3. Implementation period

We will change from products manufactured on or after November 1, 2024.
