

Dear Valued Customers,

May 2025  
MARKTEC Corporation  
Quality Assurance Dept

### Notice for Warranty Standard Change of MARKTEC Products

Thank you very much for your continued business. We would like to inform you that the warranty standard of Ultraviolet Lights and Related Products will be changed as mentioned below.

#### Note

#### 1. Target product

Ultraviolet Lights, Ultraviolet Intensity Tester, Lamps, Glass Filters

#### 2. Content of change

We will be changed the previous "Warranty Standard from after our inspection date" to "Warranty Standard from after our delivery date" as follows.

	Before change	After change
Ultraviolet Light	One year after our inspection date	One year after our delivery date
Ultraviolet Intensity Tester	One year after our inspection date	One year after our delivery date
Lamp	One year after our inspection date or 500 hours after using, whichever comes earlier.	One year after our delivery date or 500 hours after using, whichever comes earlier.
Glass Filters	One year after our inspection date or 500 hours after using, whichever comes earlier.	One year after our delivery date or 500 hours after using, whichever comes earlier.

\* The modified Machinery Products Warranty Standard List is as attached (Q40-0971-02).

#### 3. Change time

We will change from 1 May 2025.

It also applies to products that have already been manufactured (including products that have already been delivered to your company).
