

Model name change notice of air-operated diaphragm pump

9 February 2017

Dear valued customers,

We would like to inform you that the model name of air-operated diaphragm pumps for marking systems manufactured by MARKTEC CORPORATION will be changed as follows.

1. Applicable marking and printing systems

TP-1000 series, TP-2000 series, TP-3000 series, TP-3001, S-10S, S-100 series, M-30S series, M-20S, other custom made marking machine and other custom made printing machines.

2. Changing points

1-1. Model name

No	Current	Revised
1	YD-5PT	TCG05TF-MT1
2	YD-5PT-ML	TCG05TF-MT2
3	YD-5PT-E	TCG05TF-D-MT3
4	YD-5ST-E	TCS05TF-D-XMT

1-2. Specifications of parts made by plastics of the pumps

- color of the parts to be gray (current = ivory) for identification
- dimension, shape and other quality of the parts to be unchanged

3. Revised named model delivery

After MARKTEC CORPORATION's stock of current model to be sold out.

4. Price

The price of the pumps will not be changed.

5. Others

Even if customers ordered the pumps or their parts in current model name, actual items to be delivered can be revised model.

Sincerely yours,

General Manager
Quality Assurance Department
